Your Teacher Is Your Partner

Visions has provided families with a dependable at-home learning program for 25 years. Our teachers partner with families to provide each student with a learning plan that is individualized to ensure student growth and success. We provide an instructional resources budget, tools, supports, and a credentialed teacher to help you succeed. Students in grades TK-8 are provided \$3,000 in funds to purchase materials and enrichment activities.

Free Resources to Support You

Parent partners and teachers work together to create educational plans that include daily instruction by the parent partner, direct instruction classes led by our credentialed staff, support classes, and student engagement activities. Visions staff work with parents to help take advantage of our flexible program, enrichment services, and online ordering system.

The Visions Difference

Teach Your Child From The Safety Of Home

Instructional Resources Budget

TK-8: \$3,000

Weekly Events and Enrichment Activities

24/7 Online Ordering System

Simple, easy and fast

- ✓ Weekly events and social activities including field trips, student clubs and more
- ✓ Counselor support, mental health resources, free online and in-person tutoring
- ✓ Hundreds of enrichment vendors for activities like coding, tutoring, art and more
- ✓ Private, location-based Facebook groups to help you connect with other families
- ✓ Learning Assessments to measure student progress and build individualized learning plans
- ✓ High quality standards-aligned curriculum

Support Services

Learning at home doesn't mean missing out on clubs, in-person events, and field trips. At Visions, the extra flexibility in your schedule gives you more time to expand your education!

Student Clubs

We have over 50 clubs for students of all ages to choose from. We have something for everyone, including art, soccer, Black Student Union, basketball and more!

"There's so much focus in education on a student's cognitive ability ... but when it comes to who they are that's often overlooked. We really hone in on the whole person." - Brittney P., Visions teacher.

Writing

We offer a creative writing program with 916 Ink, where our middle school students become published authors.

In-person Events

To give our students and families more opportunities to connect we organize free in-person events for all grades throughout our service area.

Enrichment Vendors

Choose from hundreds of approved vendors and use your student budget to learn coding, karate, horseback riding and more.

Free Resources

To help parents with their homeschooling journey, we provide various supports including webinars and many free online resources from Scholastic, BrainPOP, Encyclopedia Britannica and more

Mental Health

Visions In Education focuses on the wellbeing of our students. Not only do we provide a personalized education but we also offer services to help students manage their mental health.

Services

Visions is partnered with **Care Solace**, a free online coordination tool that connects students and families with mental health services in their community.

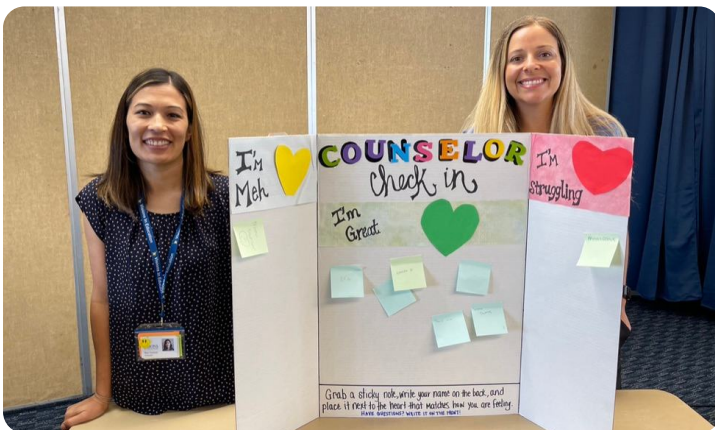

Supportive Staff

We have a full team of **15 counselors, 5 social workers and a Foster and Homeless Liaison** to support our community. This team also organizes online classes and workshops.

Resources

Parents and students have access to tons of digital wellness resources on topics like coping skills, personal growth, dealing with crises and more. Visions also offers a “mobile library” that is brought to our in-person events and a “virtual calming room”.

“We chose home school because we want our children to learn their academics without distractions. Visions has been able to offer our girls the best education and many other extracurricular opportunities.”

- Sherina, mom and parent partner

Student Success Stories

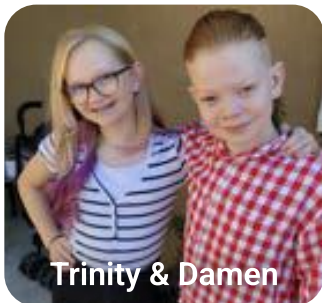

Kai

Keila, mom and parent partner

"We love having the ability to cater to Kai's specific learning style and emphasize our family's values at the same time. Visions made it so simple for us as first time homeschoolers with the curriculum partners, support from teachers, and by providing funds."

Trinity & Damen

Teri, mom and parent partner

"Mrs. Woehler is amazing. She was my 24 year old's 3rd grade teacher. We've kept in contact all these years and when we decided to go with Visions, there was no doubt that I wanted her in our corner. She has been very helpful and knowledgeable when I was learning to teach my kids."

Taylerann

Bernadette, guardian and partner

"We chose homeschooling to be able to best support our childrens' individual educational needs and to be able to learn as a family. I was mostly excited for the opportunity to have more options to best support Taylerann's specific educational needs and her love of art."

Dominic

Keiri, mom and parent partner

"Homeschooling with Visions is liberating, eye opening, and it opens up opportunities I never knew existed. Once you start homeschooling, you'll see how much can be accomplished in a few hours; there's time to learn more, play more, do more, explore more."
